

## **Using our inks will not void your Printer Warranty**

Q: Will refilling my inkjet cartridge void my printer warranty?

A: No. Refilling your inkjet cartridge or using compatible inkjet cartridges will not void your printer warranty. The Magnuson-Moss Warranty Improvement Act assures that you can purchase refill cartridges, refurbished cartridges or inkjet refill kits without your warranty being voided by the manufacturer.

See the Magnuson- Moss Warranty Improvement Act, United States Annotated, Title 15 Commerce and Trade, Chapter 50 Consumer Product Warranties 15 Section 2302

Here are the specific details of the Magnuson-Moss Warranty Act of 1975:

The Magnuson-Moss Warranty Act is the federal law that governs consumer product warranties. Passed by Congress in 1975, the Act requires manufacturers and sellers of consumer products to provide consumers with detailed information about warranty coverage. In addition, it affects both the rights of consumers and the obligations of warrantors under written warranties.

This is good news to know that by using Greene Concepts, AccuBrite, or INKWAY USA products, the warranty on your current printers is not affected. For example, using our ink in an HP printer instead of HP ink will not void the warranty.
